

Chadsmead Primary Academy – Reception Home Learning

These are the expectations for the home learning.

Reading	<p>Each child will be sent home with an orange folder containing either a Read Write Inc. 'blending' or 'book bag' book. This book is not required to be in school every day but must be returned every Friday so that it can be changed. Please ensure that you read with your child daily to help support their reading. Parents are not required to sign the reading diary. In the diary you will see a sound recognition section, please use this as a tool to support your child with recognising their sounds at home. All children will also take home a class library book on a Friday which needs to be returned on this day so it can be changed weekly.</p>
Maths	 <p>Maths and English homework will be alternated weekly. Homework will be set on a Thursday and must be returned the following Tuesday. Maths homework will be consolidation of what we have already learned in class or it may be practice for a particular maths skill. Maths homework will be linked to number, shape, space and measure. Homework should be completed in the purple homework book.</p>
Creative	 <p>Creative homework will be set a week before each half term and will be based on the new mini unit that we will be completing. 2 weeks, including the break are given to complete it. Creative homework will be an art or DT piece of work for you and your child to complete together.</p>
English	<p>Maths and English homework will be alternated weekly. Homework will be set on a Thursday and must be returned the following Tuesday. English homework will be consolidation of what we have been learning during that week. Homework should be completed in the purple homework book. It is really important that your child is sat at a table with the correct posture and ensure that they are holding their pencil correctly using a tripod grip when writing.</p>
