

School Council Meeting!

Today's school council meeting: October 2025

Matters Arising:

- Welcome to our new school council
- New School Councillor learnt about their role in the council and how school council works.
- New School Councillors identified healthy Eating and Playtimes/lunchtimes as the areas they would like to work on this year.
- New School Councillors felt that children were happy and safe whilst in school; they felt that the school environment was good. All councillors are enthusiastic in their new role.

Your School Councillors are:

- Y1: AV, KD
- Y2: AM, AS
- Y3: MP, TR
- Y4: HB, CA
- Y5: LF, AL
- Y6: JH, JS, SB

Apologies: MB - absent

Wishes / Requests: Today at school council we talked about:

School Environment (Inside)

School councillors have no concerns about the inside of our school.

School Environment (Outside)

School councillors have some concerns about the outside of our school – broken equipment from after the summer holidays

Healthy Eating

School councillors have some concerns about the healthy eating of others in particular food that is provided for snacks at breaktime across school.

Happiness and Well Being

School councillors have no concerns about the happiness of wellbeing of children at Chadsmead

Safety

School councillors have no concerns about the safety of children or adults in our school.

Other Issues

School councillors have some concerns about the playtimes as some children don't play as nicely as they would like when playing football at break or lunchtimes.

After today's school council meeting the following should happen...

- School councillors will be talking to their classes about how they would like to improve breaktimes and lunchtimes and recording their suggestions for our next meeting
- School councillors will be undertaking secret snack time surveys to find out what children really have at break to eat.

Our Next Meeting is planned for Autumn 2
