

Early Years Talk-Talk

Friday 14th February 2020

For being a super role model at tidy up time.

Message from Early Years

What a fantastic theme it has been this half term. We have travelled to lots of different countries and learnt all about the world. We have finished off our journey by flying back to the UK.

We have been learning all about the big city of London by painting the Queen and her guards, exploring how to travel around London, labelling the different attractions, exploring the underground tube, making the London Bridge out of the blocks and construction materials and much more.

On Tuesday it was Internet Safety Day and we learnt all about how to stay safe when using a computer, iPad etc. We wrote some rules for keeping safe on the internet.

In maths this week, we have been learning to describe 2D and 3D shapes. We have been exploring the classroom to see if we could find any 2D and 3D shapes.

This week we have also had a special visit from the Dogs Trust. The children learnt all about how to stay safe around dogs that they might see when walking around the community.

Creative Homework for both Nursery and Reception:

After half term we will be starting our new theme 'Why do ladybirds have spots.' We will be learning about mini beasts and their habitats. We will be looking closely at the life cycles of frogs and butterflies as well as our own.

Homework - we would like you to work with your child to create a mini beast e.g. spider, ladybird, snail etc. You can be as creative as you like!! Please can all mini beasts be in school by Tuesday 3rd March ready to be put on display in the classroom.

Thank you for your continued support ☺
