

11<sup>th</sup> October 2018

## **MATHEMATICS MASTERY WORKSHOP**

Dear Parents/Carers,

Since September, children in Year 1 and Year 2 learn maths following the Mathematics Mastery programme. This approach allows us to focus on the key principles of how children 'master' a deep understanding and application of mathematical concepts, leading to competent and confident problem solving skills.

We would like to invite you to a parent workshop, where these key principles will be explained in more detail. The meeting will also give you an opportunity to see how we structure our daily maths lessons and see some of the resources the children use.

Our workshop will take place in Beech class (Mrs Bishop's classroom) on Tuesday 16<sup>th</sup> October at 6.30 pm and should last no longer than 40 minutes. You can access this classroom through the KS1 hall door.

We look forward to hopefully seeing you then.

Yours faithfully,

Mrs A Bishop  
Mathematics Mastery Subject Lead
