

Message from Early Years

This week we have been continuing to read the story 'Elmer'. We have been completing some independent writing based on the story. We have changed what Elmer looks like by creating our own elephant. The children had some super ideas such as a spooky elephant with cobwebs on, a stripy elephant, a spotty elephant, a groovy elephant and a rock star elephant.

We have been completing lots of exciting activities during choosing time such as making patterned snakes using dots, jigsaws, mixing paints, labelling a rainbow fish, matching numeral and quantity, exploring capacity and writing valentine's day cards.

In Maths this week the children have been practicing their skills of finding one more/ less of a number within 15, exploring 3D shapes, describing 2D and exploring time.

The Early Years Team would like to say thank you for all your continued support this half term. We look forward to another exciting half term when we come back ☺

STAR OF THE WEEK

For creating and writing about his super rock star elephant!

PE Sessions

Please ensure your child brings their PE kit into school. Your child's PE kit can be kept at school and they will then bring it home at the end of each half term. Without a PE kit your child will not be able to participate in the session.

Nursery

Next half term Nursery children will be starting forest session on a Friday instead of PE. Please can you provide your child with forest clothes and wellies. Thank you!

After half term we will be starting our new theme 'Are Eggs Alive'. We would love to start our theme by showing the children some eggs, chicks and hens. We would like you to contact us if you know anybody that keeps chickens or has access to baby chicks. We would greatly appreciate it if you could bring them in to show the children. Please contact Miss Morton if you can help us!
