

October 2019

Dear Parents/Carers

Year 2 Mathematics Mastery Workshop

We would like to invite you to one of your child's Maths lessons, where you can see Mathematics Mastery in action. This is a great opportunity to join in with your child's learning and pick up some helpful hints on how to help your child with their maths at home. The lesson is intended to illustrate how our learning is centred around a 6-part structure, supported through equipment, games and talk tasks.

The date of our Year 2 session is Thursday 14th November 2019 at 9.00 am until 10.00am.

In order to accommodate all those wishing to attend, we do require numbers of parents/carers attending. Please indicate below if you are able to attend.

Yours sincerely

Mrs A Bishop
(Mathematics Mastery Subject Leader)

Year 2 Mathematics Mastery Workshop

Child's name: _____

Child's class: _____

I wish to attend the Year 2 Mathematics Mastery session with my child on Thursday 14th November 2019.
