

Early Years Talk-Talk

Friday 13<sup>th</sup> March 2020

For always trying really hard to complete his challenges.

### Message from Early Years

This week we have been continuing our new theme 'Why do ladybirds have spots?' We have been completing some exciting challenges this week, such as creating a hand printed caterpillar, cutting mini beast puppets, exploring chocolate gloop, making mini beasts using playdough, adding numbers on the ladybird, creating models using the box modelling and much more.

In literacy this week, we have been learning all about the life cycle of a butterfly. We ordered the pictures and then wrote our own sentences to describe the cycle.

In maths this week, we have been exploring numbers to 20. We have been counting objects and ordering numbers as well as finding out one greater/ fewer than a given number.

Next week in theme, we will be making our very own mini beast puppets. This week we have been exploring mixing the paints ready for our puppets next week. We have been mixing primary colours (red, yellow and blue) to see what colours we can make.

This week our caterpillars have been leaving us special messages. We have enjoyed reading them and writing messages back to them.

### Forthcoming Events

Tuesday 17<sup>th</sup> March - Maths Mastery workshop 9.15-10.15am

Friday 27<sup>th</sup> March - Quiz Night 8.00pm-10.00pm

Friday 3<sup>rd</sup> April - KS1 and Early Years Easter Service 9.30am
