

11th November 2021

Dear Parents / carers

SEND Feedback request – Autumn 2021

As part of our ongoing work to continually improve our support for children who have learning needs in school, I would really appreciate your help in completing and returning the questionnaire overleaf to find out where we can try to help and support children with SEND and their families next.

We have a robust and comprehensive support system here at Chadsmead however, there is always room for improvement and I would really value your feedback and ideas as parents of children with identified needs.

Please can you return this questionnaire to me at school by Friday 19th November.

Thank you for your help and ongoing support.
Kind regards

Mrs Cadman (SENCO)
