

Timings start/end of the day

- Classes using the same entrances are staggered by 5 mins either end of the day, to enable social distancing when coming and leaving school
- Signs and visual reminders will be around school of what 2m distance looks like – this is still the recommendation when not in school.
- One-way system outside glass corridor (external gate entrance and exits signposted)
- Siblings in KS2 will enter with first drop off and then walk to class independently through school. They will not leave early.
- It is more important than ever to arrive on time – not before- not after.
- Drop off and collection times are not for discussions with teachers, we need to clear exits swiftly to enable social distancing
- Those not adhering to the guidelines will be spoken to by the HT/AHT.
- At the end of the day; Jo-zone children remain with teacher until collected
- Collection: safeguarding is still a priority; children will be released to adults not on the collection list.
